

e Safety Action Plan

1-We aim to carry out a study on limited, safe, restrained and purposeful use for parents, children and adolescents.

2-It is indicated policy to promote and spread the packages about the safe use of the internet.

3- It is supposed to use safe internet packages at homes.

4- To raise awareness priority will be given to this subject in the lessons at schools.

5- Seminars will be given to students and parents so they will be enlighten about the subject.

6-Secure internet use wall panel will be prepared in our school.

7 -We apply policies that prohibit parents and children from entering the school by phones.

8-10th of February is decided to celebrate as secure internet day.

9- By the help of the hand brochures we aim to reach the majority.

10- Necessary restrictions and precautions will be introduced in order to protect our students from the danger sides of the internet.

11 - Measures will be taken for all the stakeholders to obey the rules and control the use of internet at schools.
